## Objective

As a passionate web developer with Knowledge in JSP and Servlets, my aim is to transition into a full-stack developer role. Currently, I am actively learning Node.js and working towards becoming a MERN (MongoDB, Express.js, React, Node.js) stack developer. I am dedicated to enhancing my skills and contributing to innovative web development projects."

## Education

- Rosary High School** 2019  
SSC  
58.83%
- Rosary High School** 2021  
HSC  
68.66%
- The Maharaja Sayajiroa University of Baroda** 2021-2023  
Bachelor Of Computer Applications

## Skills

- Html
- Css
- Javascript
- Java(Servlet)

## Projects

- Result Management System**
  - Developed a web-based Result Management System using JSP, CSS, and Servlets.
  - Enabled students to access results, teachers to add/update/delete data, and administrators to manage user credentials.
  - Improved efficiency and accuracy in academic record-keeping.
